SCHOOL OF MANAGEMENT SCIENCES

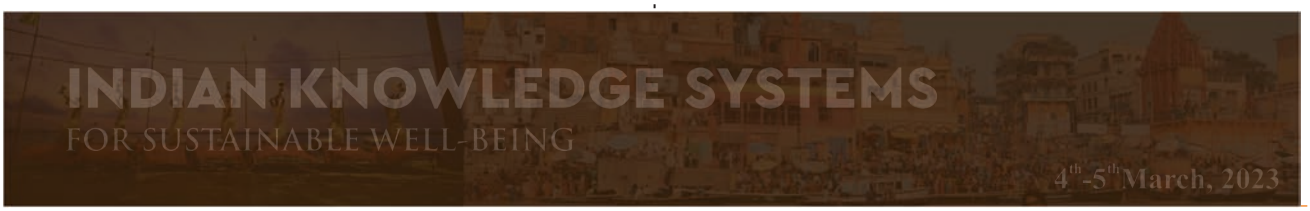

School of Management Sciences was established as an institution of higher learning in 1995 at Varanasi which is one of the most ancient cities of the world and the cultural and spiritual capital of India. The institute was established to provide management and technical education of highest quality to the students and making them not only skillful but also a human being full of ethical and moral attributes.

SMS, Varanasi is an autonomous college, approved by AICTE - Ministry of Education, New Delhi, affiliated to Dr. A.P.J. Abdul Kalam Technical University, Lucknow, Mahatma Gandhi Kashi Vidyapith, Varanasi and recognized under section 2(f) of UGC Act; SMS has constantly made sincere efforts since then towards its objective and has been constantly ranked as one of the best Business School by reputed magazines and rating agencies. SMS has also been ranked as 'A' category B-School by NAAC. SMS offers MBA, MCA, M.COM, BBA, BCA, B.COM, B.COM (H) and BA(H)-Mass. Comm. SMS possesses one of the best and ultra-modern lush green campus, embedded with wi-fi connectivity, centrally air-conditioned class rooms, seven computer labs with hundreds of computer terminals, excellent placements, international student exchange programs, foreign industrial visits and a lot more thrust on pedagogical activities to inculcate student managers with the value system that shapes them a better citizen who contributes decisively towards the progress of business.

CENTRE FOR SPIRITUALISM AND HUMAN ENRICHMENT

Centre for Spiritualism and Human Enrichment was established by School of Management Sciences in the year 2003 with the noble objective to create a strong platform for all those who are interested in contributing towards enriching human lives and the modern management science through spirituality.

This Centre has been established to explore the possibility of blending spirituality and human values with the modern management principles and practices so that a new sustainable and holistic model of management could be created. Since its inception in the year 2003 this Centre is making sincere efforts to fulfill the objective for which it has been established. Centre has already organized numerous conferences, seminars and workshops of national and international level to gather and disseminate ways and methods for inculcating spirituality and human values in management theory and practice. Publications of journal and books have also been a regular feature of the Centre for spreading the relevant knowledge. Its Journal 'Purushartha' has world-wide presence and is also indexed on Scopus (Elsevier). Centre is also making sincere efforts to develop free e-content knowledge material based on the objectives of the Centre for reaching to the people across the world.

CONFERENCE OBJECTIVE

The present International Conference provides platform to the researchers, academicians and institutions where they can present and discuss varied opinions and research works in the domain of Indian Knowledge Systems and their relevance in modern times. This International Conference is an attempt to identify and highlight Delphic Indian knowledge practices lesser known at the global level. The conference tries to refine the understanding of Indian Knowledge Systems full of wisdom over superstition. This International Conference is an effort with a special focus towards today's youth so as to make them cognizant of the rich ancient Indian knowledge, wisdom and culture. We are confident that, after the deliberations on related sub-themes, the participants and conference stakeholders will develop a holistic understanding and credence in our indigenous systems.

This International Conference will deliberate the linkages between the Indian Knowledge Systems and literature; Human Lifestyle & Holistic Health; Modern Education System; Science, Engineering & Technology; Political, Economical & Sociological thoughts; Philosophy; Sustainable Development Goals; Art & Music.

This International Conference "Indian Knowledge Systems for Sustainable Well-Being" aims to identify and prove the importance of those Indian knowledge practices which are indispensable for the entire humanity and environment in modern times as well as provide a road map for future deliberations and research.
